**FOR IMMEDIATE RELEASE**      **February 9, 2006**

## **New & Improved RINGCRUSHER™ Removes PEX Crimp Rings & PEX Tubing**

Mentor, OH — A new and improved decrimping tool that removes PEX crimp rings and PEX tubing fast and easy is now available from Clean-Fit Products, a division of the Mill-Rose Company. The RINGCRUSHER™ decrimping tool features a new cushion-grip handle and improved, heavy-duty design with hardened steel jaws that cut crimp rings with ease. RINGCRUSHER™ breaks the crimp and then expands plastic PEX tubing for easy removal from 1/2", 3/4" and 1" brass fittings.

In the past, plumbers have used a hacksaw, torch or other tool to break the crimp, frequently damaging the brass fitting and wasting time. The RINGCRUSHER's vanadium steel blade breaks through the crimp ring and then removes the PEX tube in two easy steps. The compact decrimper works in tight places, has an adjustable stop that ensures proper performance, and is designed to deliver years of service.

Clean-Fit Products is a division of The Mill-Rose Company, leading manufacturer and distributor of brushes, abrasives, PTFE sealants and accessories used by professional contractors and do-it-yourselfers. For further information contact Clean-Fit Products, 7310 Corporate Blvd., Mentor, Ohio 44060. Telephone toll-free 800-321-3598, fax 440-255-1072, e-mail [info@CleanFit.com](mailto:info@CleanFit.com) or visit the company's web site at [www.CleanFit.com](http://www.CleanFit.com).
