For Immediate Release

New Power-Deuce Brush Cleans Fittings (I.D.) & Tubing (O.D.)

Mentor, OH — The Power-Deuce is a new “two-in-one” power fitting brush and O.D. tube cleaning brush introduced by the Clean Fit Division of The Mill-Rose Company.

The Power-Deuce converts from an O.D. tube cleaning brush to a fitting brush by retracting the impact-resistant ABS housing to expose an I.D. fitting brush. This can be done one-handed and is easily converted back to an O.D. tube cleaning brush by reversing the procedure. The Power-Deuce can also be used as a hand tool to clean fittings and tubing if power is not available. Available in sizes from 1/2” I.D. (5/8” O.D.) to 3/4” I.D. (7/8” O.D.), the Power-Deuce features a 1/4-hex shank and stainless steel bristles for the plumbing and HVAC trades.

Clean Fit is a division of The Mill-Rose Company, a leading manufacturer and distributor of brushes, abrasives, PTFE sealants and accessories used by professional contractors and do-it-yourselfers. For further information contact Clean Fit Products, 7716 Tyler Blvd., Mentor, Ohio 44060. Telephone 1-800-321-3598, fax 1-440-255-1072, e-mail info@CleanFit.com or visit the company’s web site at www.CleanFit.com.
