Blue Monster® OXY-Clutch Introduced for Critical Oxygen Service Sealing Applications

Mentor, OH – [Blue Monster® OXY-Clutch](#), a new specially-formulated thread sealant for high-pressure, pure oxygen piping systems, is introduced by the Clean-Fit Products division of The Mill-Rose Company.

OXY-Clutch is PTFE enriched and provides superior sealing characteristics, is inert, noncorrosive and nonflammable, and contains no VOCs, silicone or hydrocarbons. This

unique thread sealant has an effective temperature range from -320°F to 450°F (-196°C to 232°C) at pressures up to 2,600 PSI (180 BAR). Blue Monster® OXY-Clutch is tested for Autoignition Temperature according to the stringent standard of ASTM G-72.

“OXY-Clutch is ideally suited for hospitals, gas plants, gas welding equipment and wherever critical oxygen service sealing applications are required,” said John Kirkland, National Sales Manager for Clean-Fit Products.

Blue Monster® OXY-Clutch thread sealant is available in a 4-ounce container and sold at leading PHC supply houses. Blue Monster products are offered exclusively by Clean-Fit Products, a division of The Mill-Rose Company. Mill-Rose is the world's leading supplier of PTFE thread sealants and largest manufacturer of twisted-in-wire brushes in the U.S.A.

For further information contact Clean-Fit Products, 7310 Corporate Blvd., Mentor, Ohio 44060. Telephone 1-800-321-3598, fax 1-440-255-1072, e-mail info@cleanfit.com or visit www.cleanfit.com.
