FOR IMMEDIATE RELEASE JUNE 30, 2005

Mill-Rose Introduces Power-Deuce Power Pack for Cleaning Fittings & Tubing

Mentor, OH -- The Power-Deuce, a “two-in-one” power fitting and O.D. tube cleaning brush, is now available in a convenient Power Pack kit that includes three popular sizes and a Quik-Change chuck adaptor from Clean-Fit Products.

The Power-Deuce brush converts from an O.D. tube cleaning brush to a fitting brush by retracting the ABS housing to expose an I.D. fitting brush. This can be done one-handed and is easily converted back to an O.D. tube cleaning brush. The Power-Deuce can also be used as a hand tool to cleaning fittings and tubing.

The Power Pack contains 1/2", 3/4" and 1 " Power-Deuce stainless steel brushes and a 1/4" Quik-Change chuck adaptor. The impact-resistant kit is designed to fit in toolboxes or serve as a stand-alone case. The Power-Deuce Power Pack is available at leading P/H/C wholesalers.

Clean-Fit Products is a division of The Mill-Rose Company, a leading manufacturer and distributor of brushes, abrasives, Teflon sealants and accessories used by professional contractors and do-it-yourselfers. For further information contact Clean-Fit Products, 7310 Corporate Blvd., Mentor, OH 44060. Telephone 800-321-3598 or visit the company's web site at www.CleanFit.com.
